

Data Visualization 240: Final Project

Clarissa Boyajian

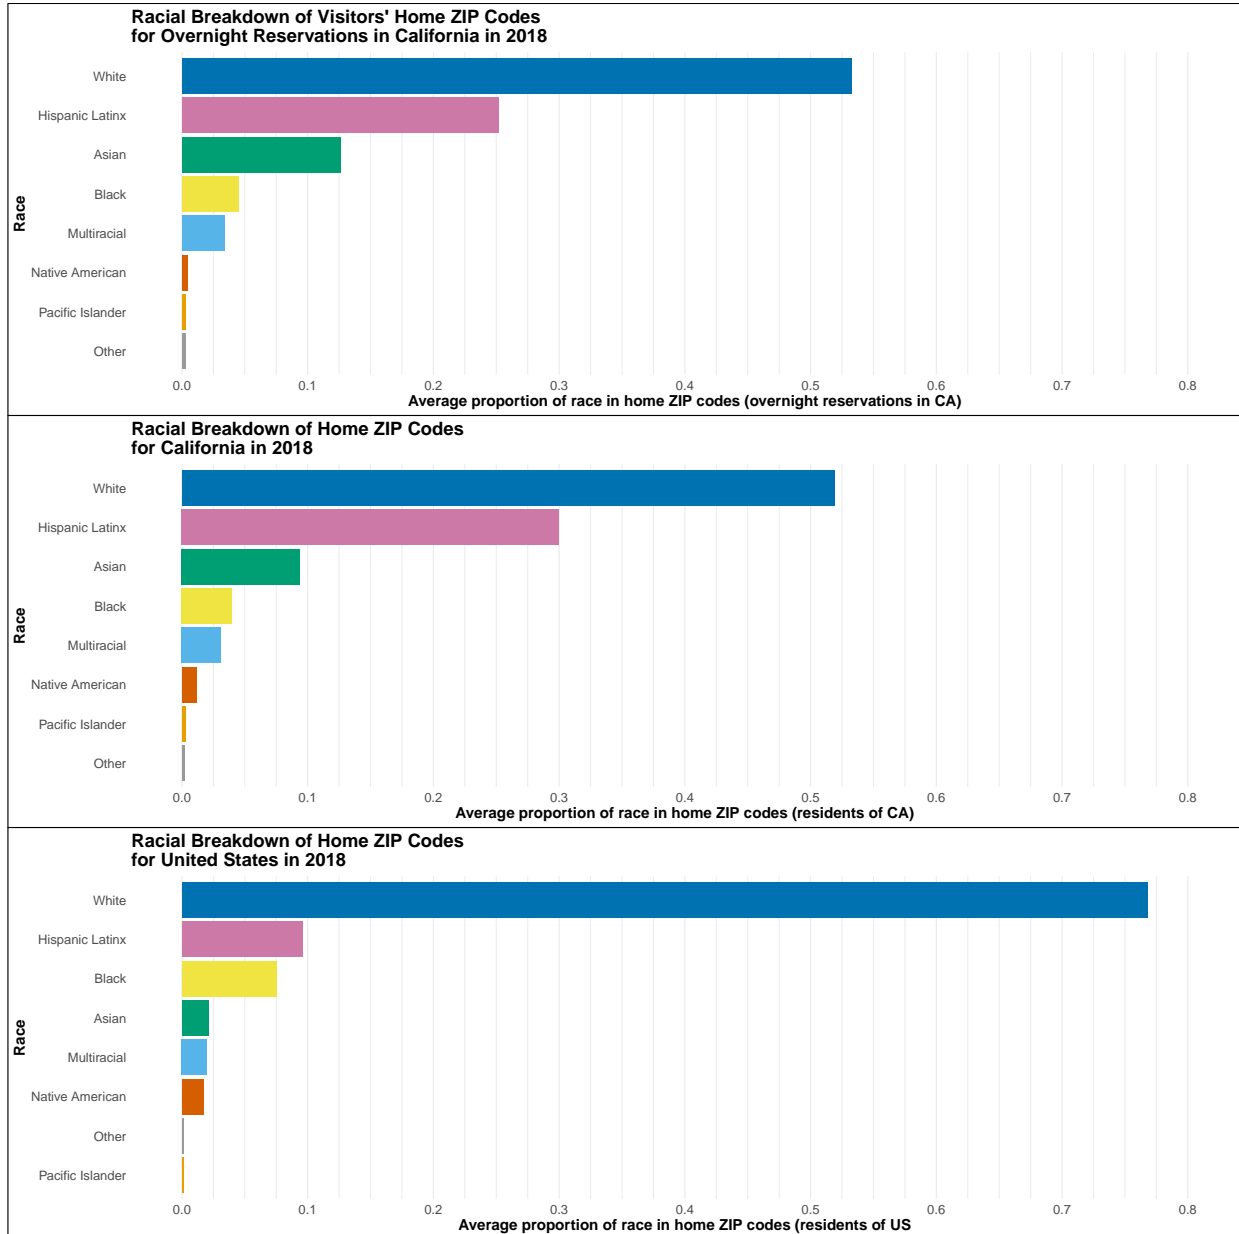

3/8/2022

Equitable Access to Federal Public Land Overnight Reservable Sites

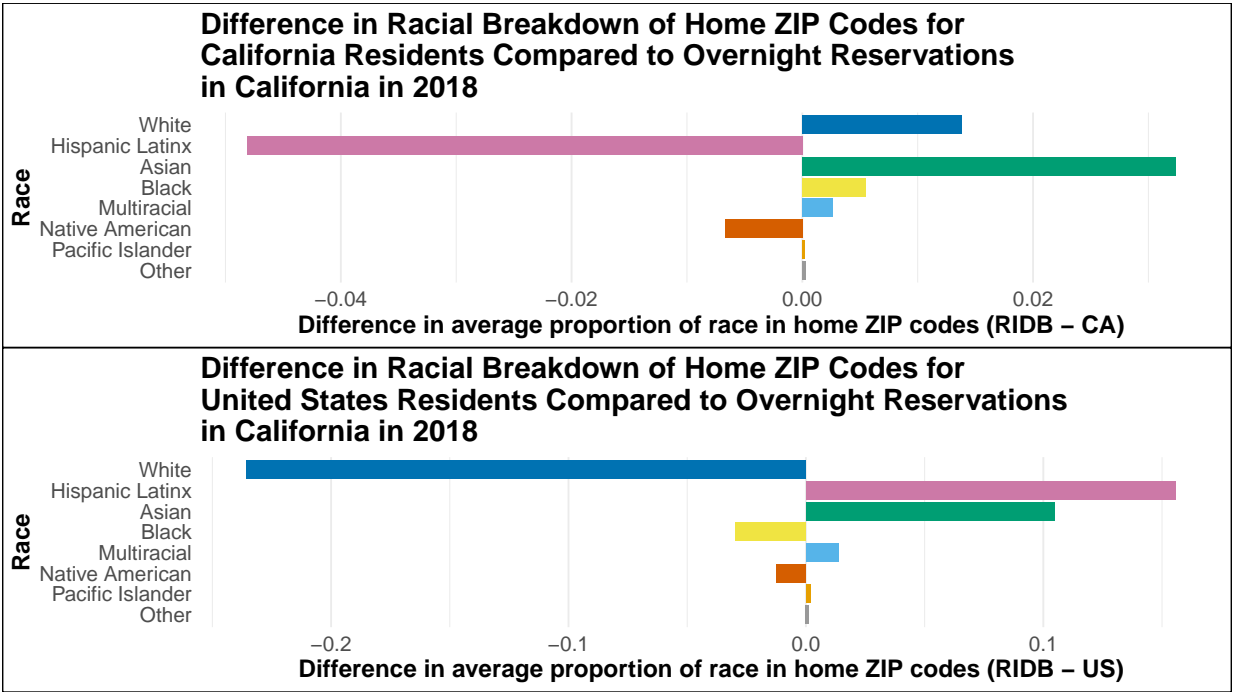

Background

Access to federal public lands is not equitable.

Visualizations: Comparative graphs

Visualizations: Difference graphs

Positive values indicate an overrepresentation of a given racial group in visitors' home ZIP codes as compared to the overall population of California or the United Sate and negative values indicate an underrepresentation.
